I would like your attendance at a meeting to discuss our plans for keeping P_2S_5 running in an efficient manner during work on the sewer job in the area. Please come prepared with schedules, plot plans, suggestions, cost estimates, etc. The major items I expect to cover are:

1. Tote bin storage areas.
2. Dirt storage areas.
3. Fork truck access to tote lot.
4. Warehouse access for shipping
5. Raw material (especially P_4) availability.

The meeting has been rescheduled for 2:30 P.M., Friday, July 12, 1985, in Conference Room #2.
